For the record, I have engaged a lawyer on this Telegram fake account issue. The impersonator is escalating, as I knew they would, but with very graphic and offensive posts showing violence against women. I posted a notification of this escalation [to Twitter](#) on January 9, 2023. I also reported it using the Telegram ‘Fake Account’ option and also using the ‘Violence’ option, more times than I can count, and I have also written 4 separate emails to abuse@telegram.org and to dmca@telegram.org, but to no avail.

It seems - impossible - that any blow joe can pose as anyone they like and defame them publicly like this. But here we are, eh? I know many others who are having this done to them with various social media apps and I realize that this is ‘something that happens’ but, IT’S NOT OK. To do nothing, is to let it happen.

The best course of action that my **actual** followers can take is to unsubscribe from this fake account. The following screenshot shows pictures of some of the reports I have filed using the app, and of the account itself so that *there is no mistake in unsubscribing*. They are using my name Jessica Rose (t.me/DrJessicaRose) and my rad photo that I took myself whilst pulling off an amazing Hang 5. I have the original files to prove this is my photo and I repeat, I DID NOT GIVE ANYONE PERMISSION TO REUSE IT ON TELEGRAM, or anywhere else.

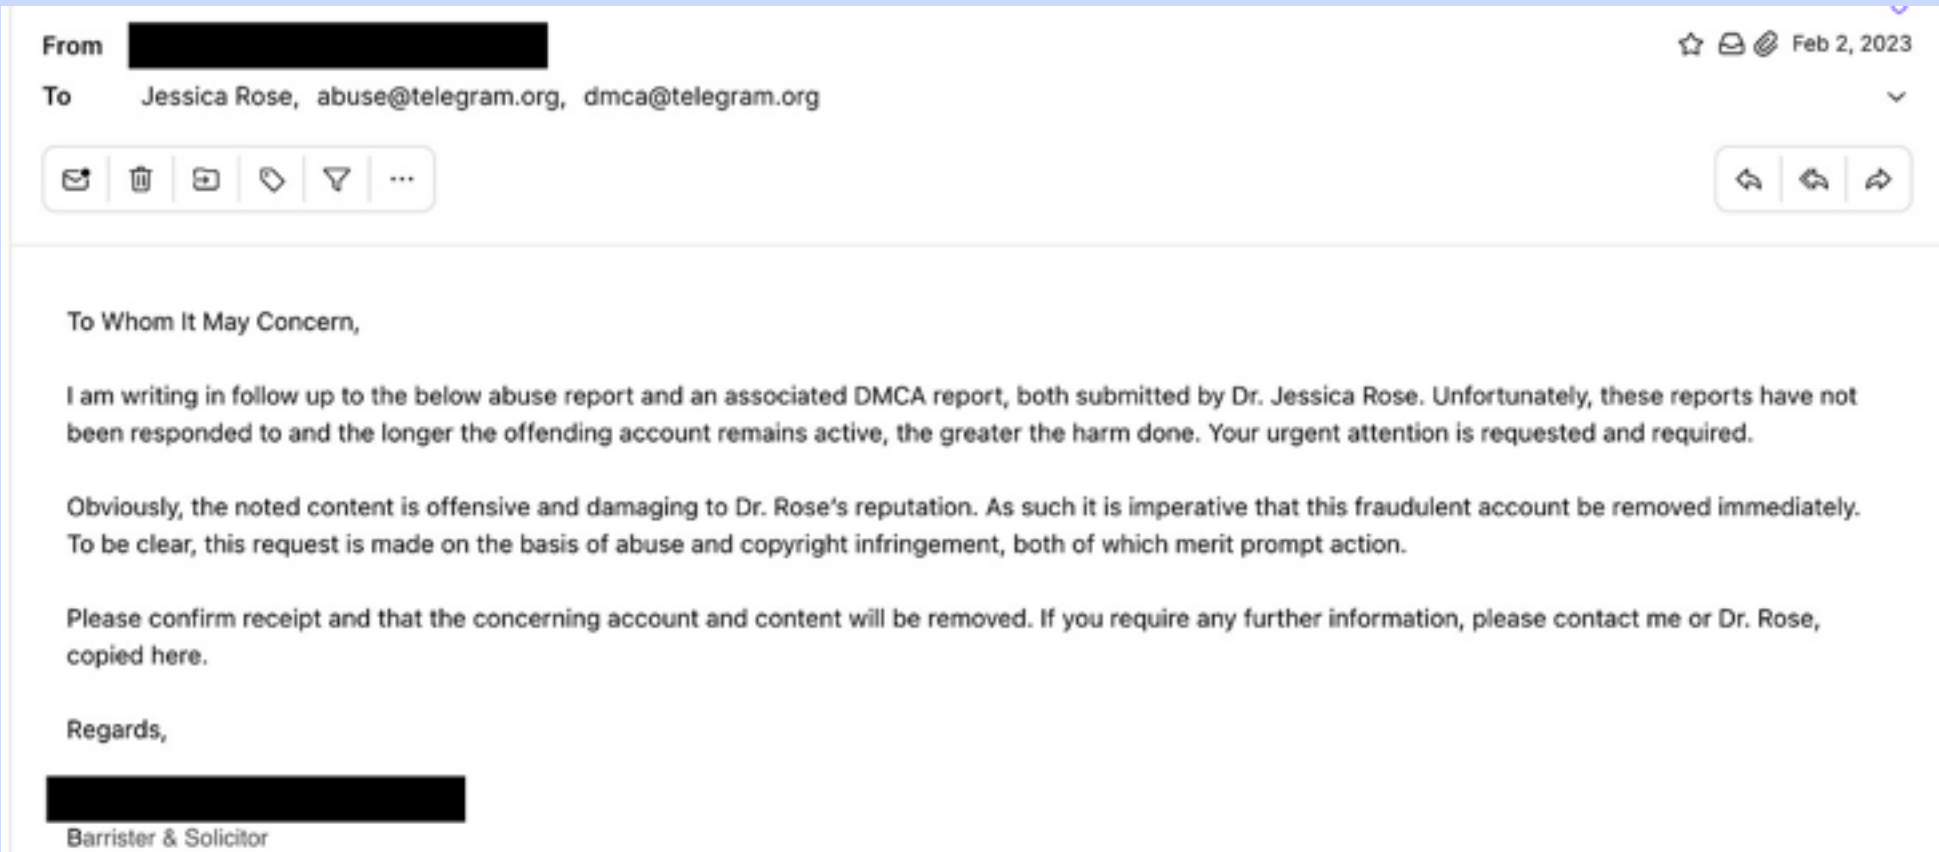

To be clear, I DO NOT HAVE A TELEGRAM ACCOUNT. PERIOD. I NEVER HAVE. I use Telegram occasionally to talk to individuals - not to group form.

The remainder subscribers will primarily be the people also involved in defamation, in my eyes. I know that there are many, many trolls lurking in the interweb-verse. But my concern is not just for myself but for my subscribers. If you subscribe for *my* content, then *that’s* what you should get: not impersonators selling products, and not perverse posts sensationalizing violence.

It is so shameful that people’s goals involve trying to impersonate or defame others. Really shameful.

Here’s a copy of the email sent by my lawyer as proof of notification of the abuse. Let’s see what they say. This was sent 4 days ago.

It would not surprise me in the slightest, if the effort is actually sponsored.

I have a sort of Telegram account. We are at odds over their censoring efforts. I doubt that I will have any sort of account tomorrow as I climbed on and pasted the following;

This is not the Dr Jessica Rose as portrayed. Fix it you censoring dumbasses...i am not a robot, so i may appear a bit blunt.

Stay safe out there.

Cheers

This is one of the emails I received the other day. I get hundreds daily, and I am hearing you all.

This particular note spoke loudly to me and this lovely person gave me permission to share her words.
